Back at the same: Part I

Long nights, standing together

Driving around and wasting time

Are we really together?

Or are you simply out of your mind?

I have realized so far

That with you there is no time

No days

No months

Or years.

It's been 3 months since the last time I saw you

I thought I was doing perfectly,

That there was no thing such as regret or hate,

Just peace.

But, today I wonder,

Why do you keep doing this to me?

Why do you say you want the best for me?

That you want me to be happy
That you don't hate me or something.

But you ask about me everywhere,
Why do you keep running back to me?
If you know I am not the one,
If you know we are not meant to last.

Why can't you just leave me?
Even if we both don't want to,
Why do we keep hurting ourselves?

You said it is life's fault.

That sometimes
It makes mistakes
And it places
The right person
At the wrong time.
But if that is true,
Why can't we try?

Why do you think we have to wait?
Why do you believe there is no other way?

Please, explain to me.

Because lately,

I have been so confused by your words

That it is coming up to my head

And I can't seem to get it off.

We always find an excuse

To see each other,

And it takes place

When one of us thinks,

We are forgetting one another.

And still after all of this,

I thought you won.

I thought that now you were at your happiest

That this new girl of yours brought you gladness,

But boy, the little girl in my head was right.

She said that

You didn't love her

As much as you loved me.

She said that

You were only with her

To pretend you are better than me.

Because as it is always a race
Of who forgets the other first,
It seemed that you won.

But no.

After I saw you again,
I thought everything was the same
And I asked you,
Do you love her?
You said to me
And I quote:
"Love is a strong word, maybe I like her"

Stop.

You are telling me that
You are not the happiest person on earth with her?
I mean,
Boy, I am your ex.
You are supposed to make sure to let me know

That your life is the best

Without me in it.
